

High in the verdant mountains of Mid Wales, situated in ten acres of woodlands with miles of natural park land and riverside walks, Victoria Wells is the ideal holiday location for those who want to unwind and shed the tension of modern living.

The river Irfon runs through the park and a stretch of private fishing is available for the free use of our guests.

The detached and semi-detached Norwegian and Polish cabins (as snug in Winter as in Summer) are well spaced in the grounds yet grouped around the amenity area for ease of access.

There is a bar, swimming pool (pool open between early May bank holiday to mid September) and each cabin has its own tea and coffee making facilities, with freesat television and Internet access. The detached cabins sleep up to five people, whilst the semi-detached sleep two persons with a choice of double or twin bedded cabins. All cabins have En-suite facilities with either a walk-in shower or a shower over a bath. Pets are welcome, "pet-free" cabins are available on request, subject to availability.
